Recap of Sales and Support Initiatives:

- **Marketing/Advertising** – Earned and paid media in prioritized markets. Campaigns ran from 11/30 – now. Ads extended – 1/31/16. Campaigns are in English and Spanish.

- **Outreach and Engagement** – Fully coordinated effort of engagement across channels, linking from HealthOp and DOI websites to the Marketplace, co-branded outreach with HealthOp. To date campaigns every other week – 2/29/16

- **Brokers** – Increased support, added staff to dedicated Broker Team, email campaign to non-C4 Brokers with high HealthOp off exchange caseloads

- **Assistance Sites** – Increased support, resources to Assistance Sites with high concentration of HealthOp customers

- **Small Employers** – Increased support to small employers through Service Center, Brokers, Service Center

Note: Very special thanks to The Colorado Health Foundation for generously supporting the financial efforts for much of the above.
Colorado HealthOp Transition – Sales and Support Initiatives

➢ Results of Sales and Support Initiatives-as of 12/29/15:

- Renewing HealthOp C4HCO Customers:
  - 38K (59%) have taken no action
  - 25K (39%) have purchased a plan on the Marketplace from a different carrier
  - 800 (1%) have started shopping but not completed their enrollment
  - 400 (<1%) are in an “other” status – this means that they have submitted an enrollment and since cancelled

- What is Going On?
  - Cost of coverage – for these customers, the costs have gone up significantly, they are waiting until the last minute to enroll to save some money (i.e., January and February monthly premiums)
  - Lack of choice – the CO-OP was one of the few non-HMO carriers available to many rural customers. Customers who have strong relationships with their family doctor are not comfortable moving to a HMO or EPO carrier.

- SHOP HealthOP Results (No change since 1/11/16 report):
  - 2016 SHOP HealthOp – 95 total groups, all were required to move by 1/1/16 and 52 retained

- What is Going On?
  - Lack of choice – loss of HealthOp options on SHOP platform, reduces # of Carriers to 4
  - HealthOp employers with renewal dates 2/1 and after in a state of flux
