COMPANY AT A GLANCE

- Anthem Blue Cross and Blue Shield has created a variety of PPOs, HMOs, hybrid and specialty network-based dental and health care services that combine the attributes consumers find attractive with effective cost control techniques. Employer groups and individual members can select from basic as well as comprehensive plans to meet their specific needs.

UNIQUE OFFERINGS AND PROGRAMS

With systems and people focused 100% on the dental business, we are able to meet a wide variety of benefit-offering and program configurations. Offerings and programs that are unique include:

- Our national network, one of the largest PPO networks in the country, which includes dentists in all 50 states — so members can find a dentist wherever they live, work or visit.
- Improved customer service through sophisticated data analytics generating unique customer reporting capabilities, facilitating in-depth utilization and cost trend analysis and identification of potential fraud, waste and abuse protecting both Anthem’s members and their employer groups.
- Emerging clinical integration programs that leverage our position as a subsidiary of one of the nation’s leading medical insurers to serve the “whole person” through integration of dental and medical data and develop unprecedented outreach and total care programs.
